USER MANUAL: WASH AND REPAIR

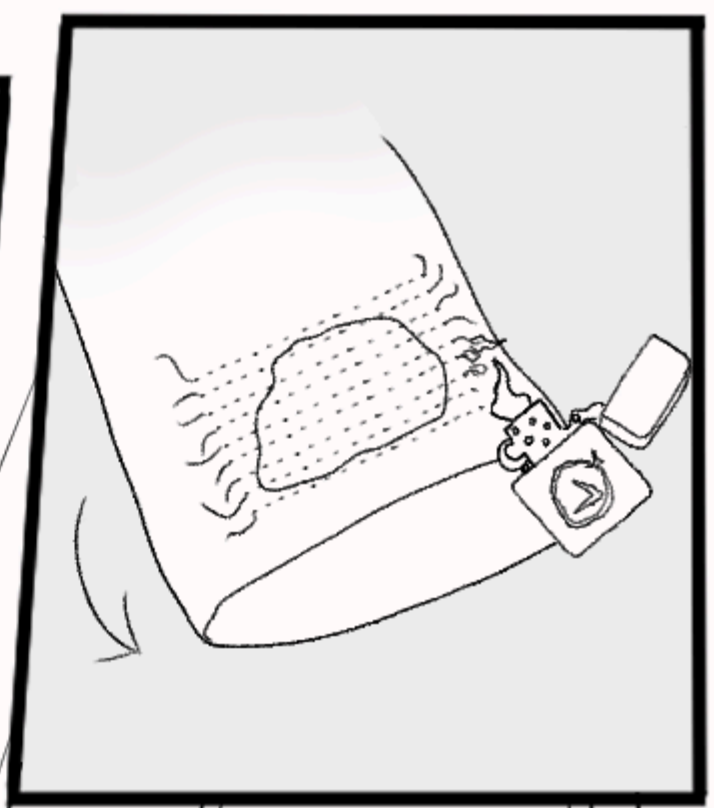

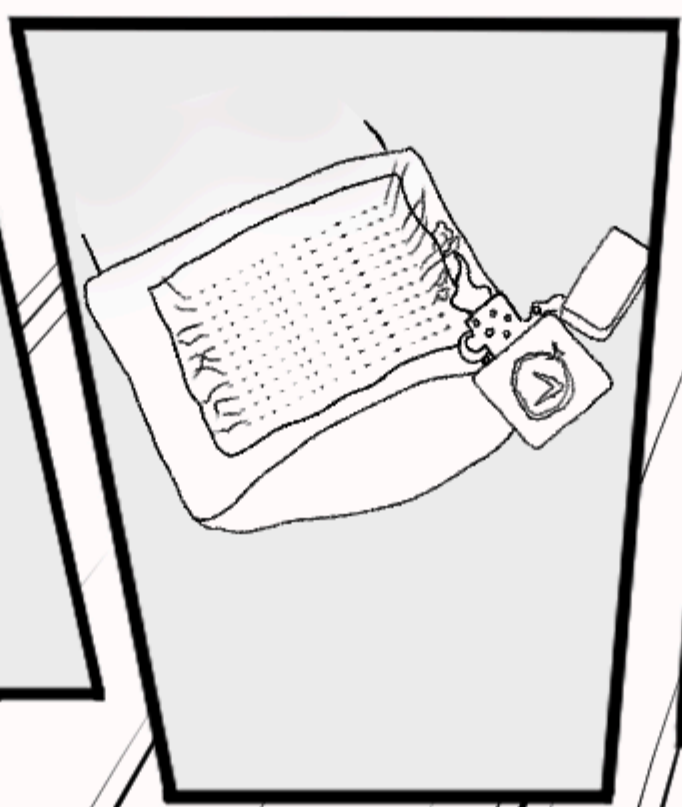

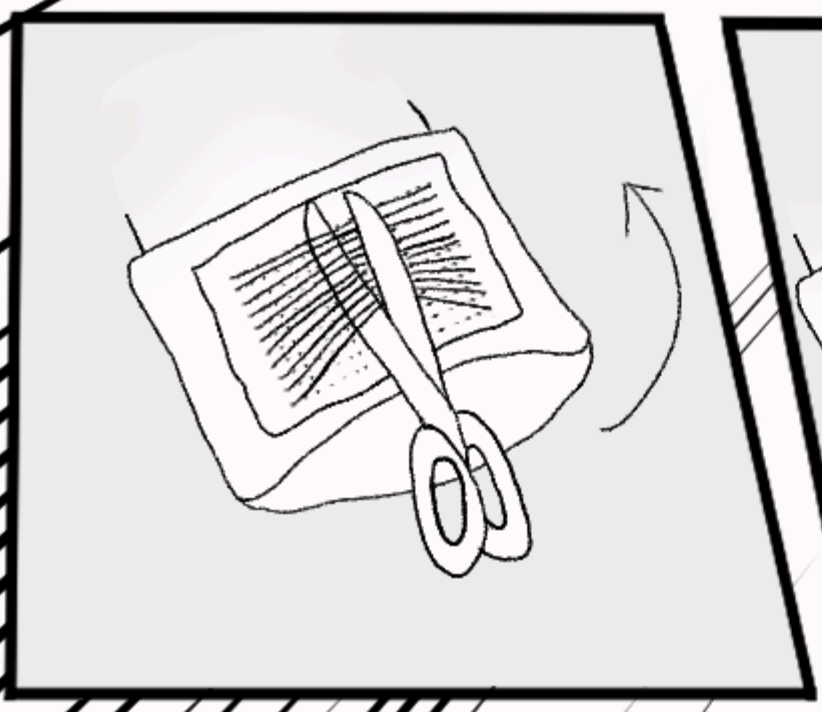

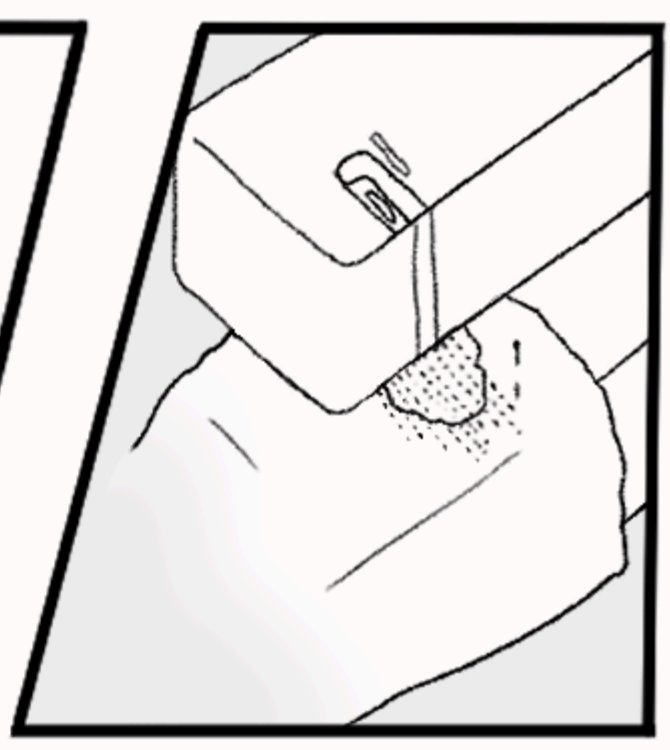

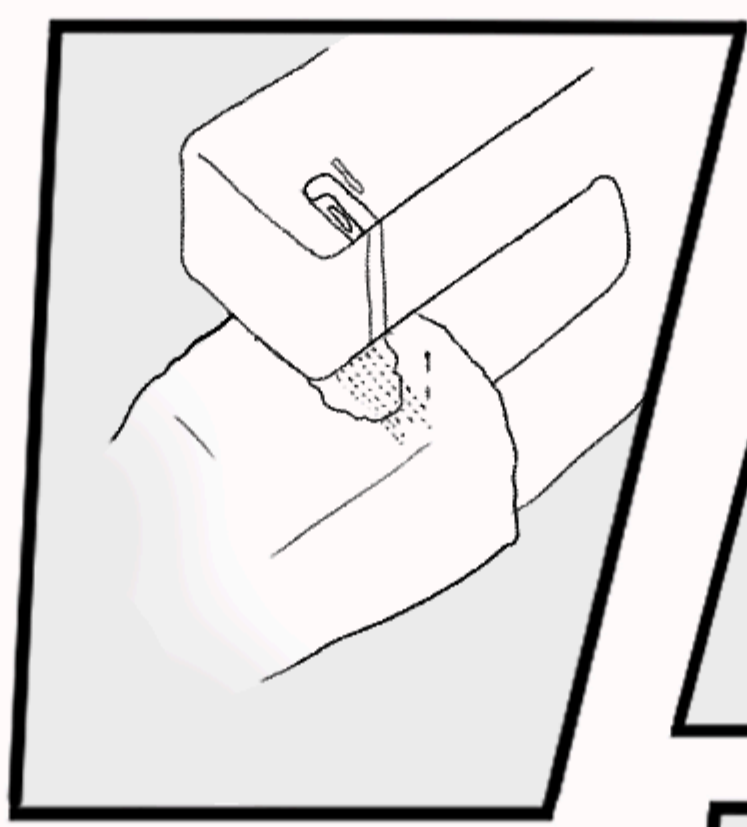

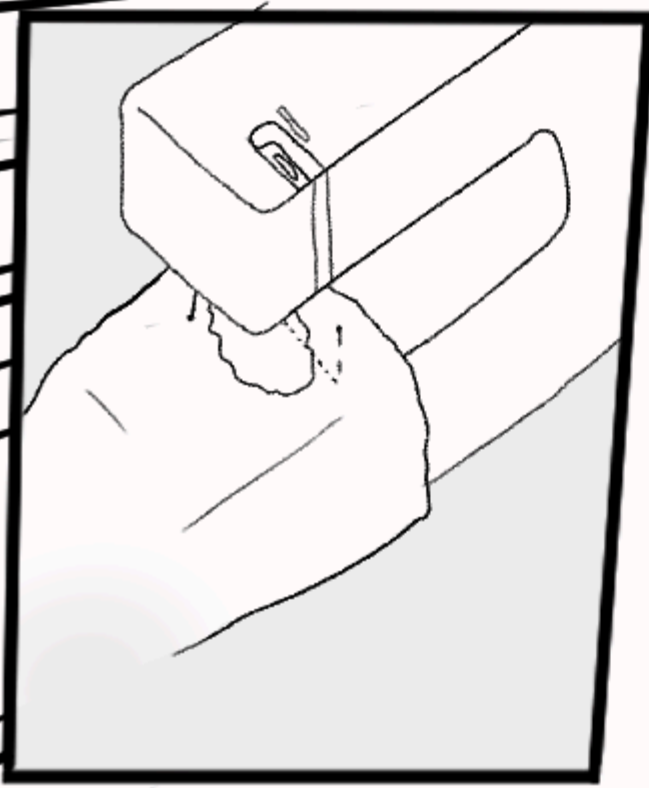

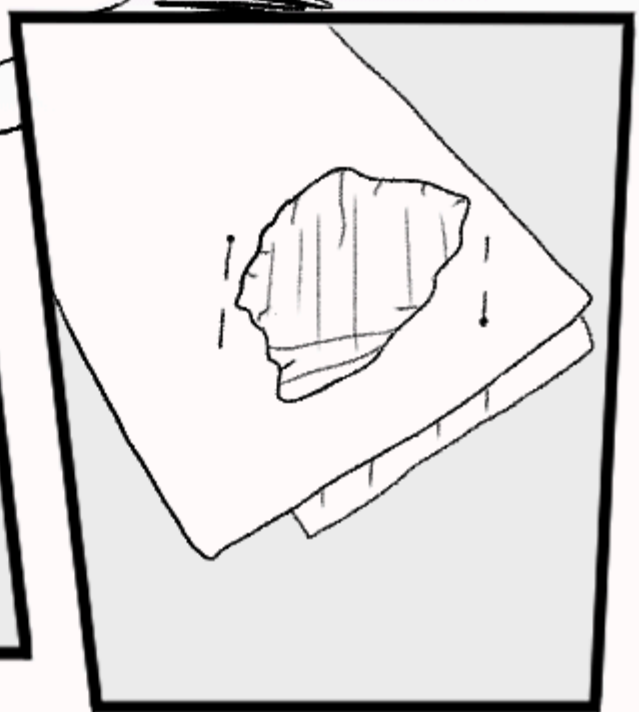

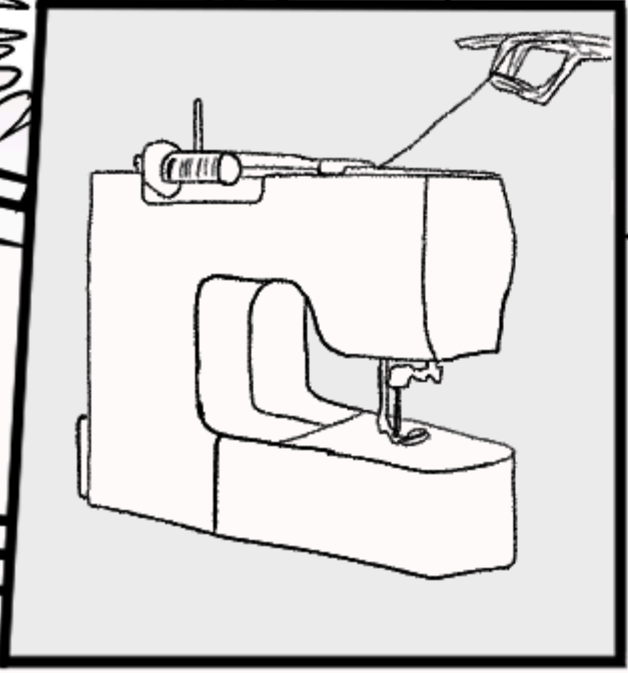

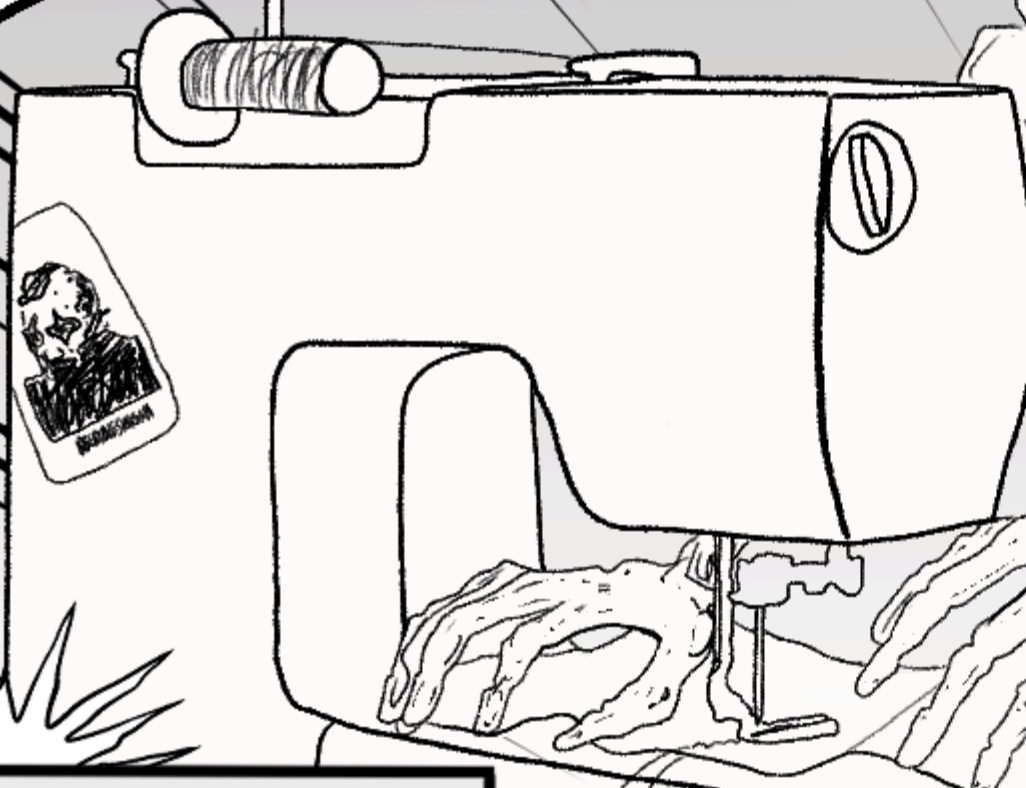

FUCK I RIPPED MY HOODIE GOOD THING THAT LOSER GUY
MADE A REALLY SIMPLE AND COOL AND COMPREHENSIVE
MANUAL FOR THIS SHIT!
(unbiased comment he really said that)

Pull out that dusty sewing machine
your mum's got in the closet.
Here's how to repair your shit
using a machine instead.

so the tag does say

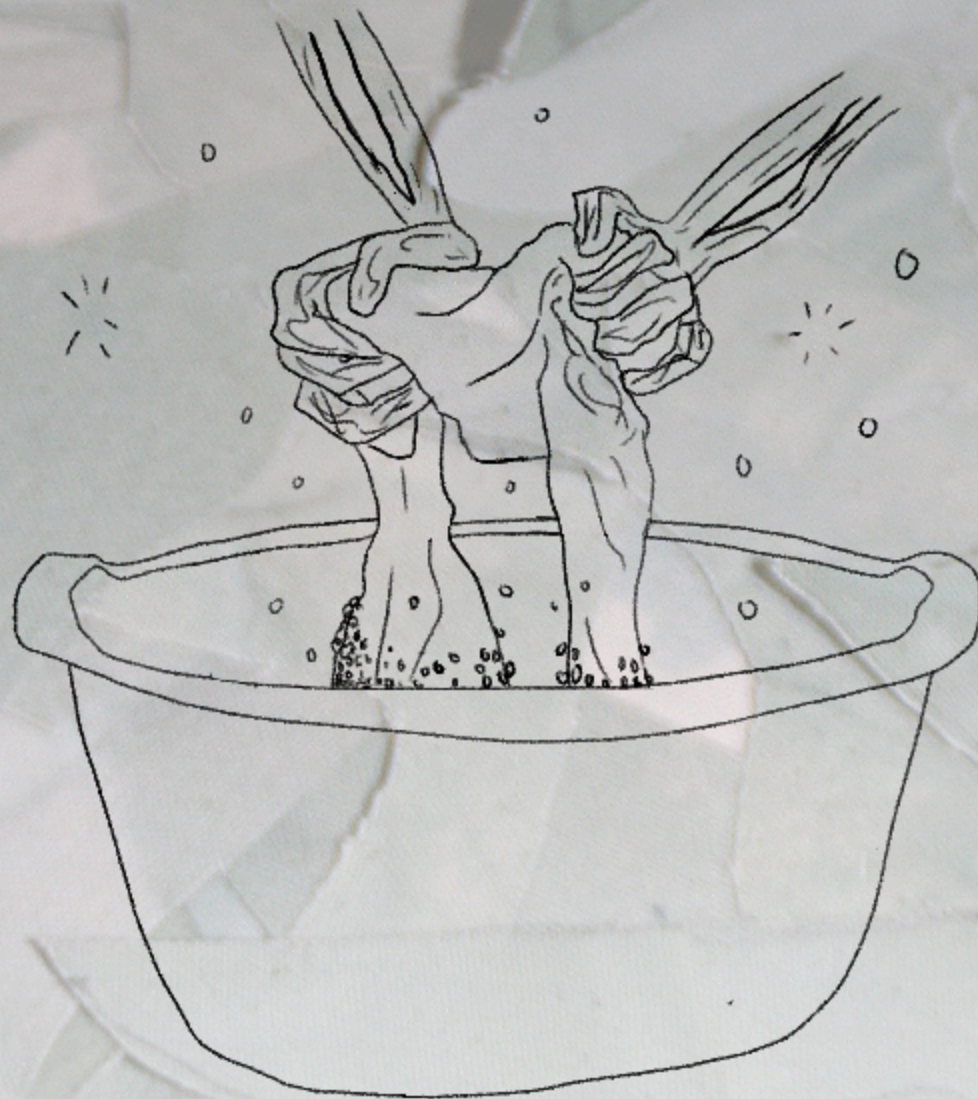

RUIN THIS SHIT!

and i mean that, ruin these clothes,
fuck em up, please, i want you to

however, i don't want you walkin around

stinkin all the time

if you start smellin bad

either hand wash or machine wash on cold

avoid any strong chemicals

treat your clothes right and they'll treat you right

LET THE KIDS PLAY!!!
